Steps

1. Print the PDF at 100% and check the 1-inch square.
2. Transfer the design with a heat-erasable pen or water-soluble stabilizer.
3. Hoop the area and stitch in the order of the thread key.
4. Remove marks or stabilizer, then press from the back on a towel.

Tip: Stitch next to the seam, not through it; the flat-felled seam is too thick to pierce.
