How to stitch this design

1. Print at 100% / Actual Size and check the scale line. To use a different name, type it in a script font at about 26 mm cap height, print it and trace that instead.
2. Transfer onto wash-away stabilizer and place it on the chest or centred under the collar.
3. Hoop loosely and work the letters in chain stitch, following each stroke in the order you would write it.
4. Add the leaf sprig after the last letter.
5. Secure tails, dissolve the stabilizer and dry flat.
