Pattern details

Fabric: A chunky or bulky knit sweater. No stabilizer needed: mark the flower centres with pins or a chalk pencil.

Needle: Blunt tapestry needle, size 16-18, with an eye large enough for the yarn

Hoop: No hoop - chunky knit is too thick; work flat on a table

How to stitch this design

1. Print at 100% / Actual Size and check the scale line. Lay the sweater flat, place the printout underneath the front for reference and mark each flower centre and petal tip with pins.
2. Thread about 50 cm of yarn and tie a knot; on chunky knits the knot can sit on the back and weave in later.
3. Work each petal as a lazy daisy: come up at the centre, go back down in the same spot, come up at the petal tip catching the loop, and tie it down. Keep the loops relaxed.
4. Add three mustard knots in each centre and two green leaves per flower.
5. Weave tails through the back of the knit for 4-5 cm in different directions. Hand wash and dry flat.
